DESCRIPTION

6 lighting modes: 4 modes for white light: 30% brightness, 50% brightness, 100% brightness, Flash + 2 modes for red light (100% red light and flash). Controls can be made via the rubber switch or via the hands-free sensor that will allow you to turn the light on/off. Ultra bright: the headlamp is equipped with latest generation LEDs (10W 6000K high power LED, 1200 lumens). Thanks to its silver reflector the light shines up to 120 meters. Light focused at 30 degrees. The elastic is easily adaptable: perfect for those who need comfortable lighting. Hands-Free Control: You can activate the hands-free switch to turn on/off the lamp by simply waving your hand in front of the LED. Convenient when using gloves or when your hands are busy. IPX4 waterproof: it is protected against splashing water. When it rains, the lamp works normally. Ideal for all outdoor activities such as running, camping, biking, night fishing, car repairs.... Adjustable lamp to be able to direct the beam according to your needs. Fixed or flashing red rear light: perfect for signaling your presence. Rechargeable: 2 replaceable 2200 mAh lithium batteries are supplied with the lamp. They recharge via the supplied USB cable, no need to buy batteries. Autonomy greater than 5 hours in 50% mode. Equipped with a power bank to charge the mobile phone.
