### Beghelli 17385 DS3-UV 1-3 PHASE MONITORING

Order Code: 17385 / Description: DS3-UV 1-3 PHASE MONITORING

Three-phase sensor with a plastic body, used in distribution panels to monitor the presence of three-phase mains voltage (3F+N) and single-phase mains voltage (F+N).

Mounting: DIN rail module

Mains input: Three-phase + neutral or phase + neutral

Output control: 2 isolated changeover contacts

Protection rating:

IP20

Body:

Self-extinguishing plastic material

Dimensions (mm):

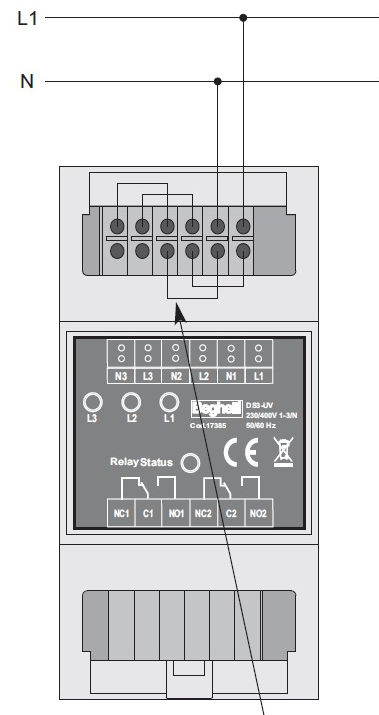

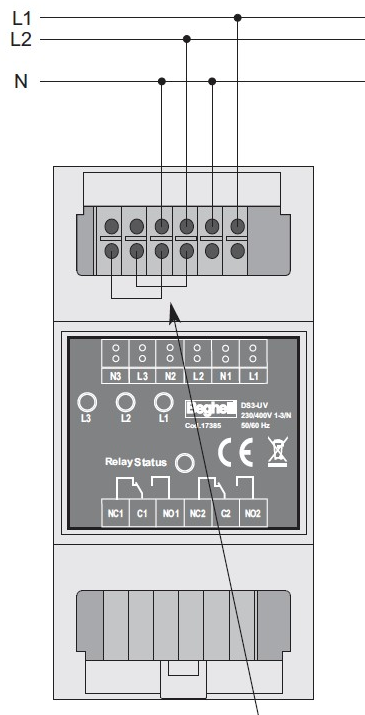

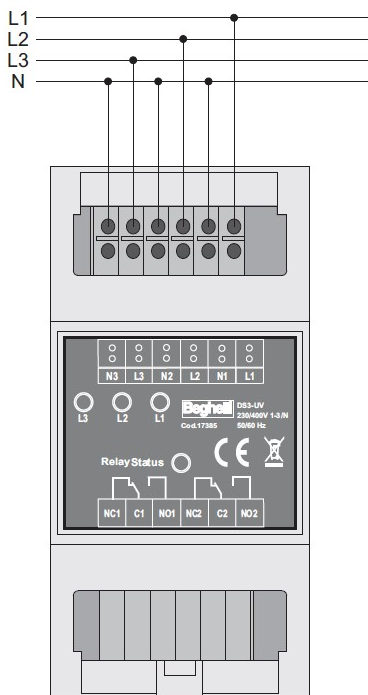

Width 53 x Height 110 x Depth 48

DIN modules:

3

Ambient temperature (°C):

- 10 / + 40

**Make the jumpers as indicated**
