### GRANLUCE T5 LED IP65 SA 1LF

|                                         | B8598                            |
|-----------------------------------------|----------------------------------|
| Emergency power supply system           | Peripheral (individual battery)  |
| Battery technology                      | Lithium-ion                      |
| Type of lithium-ion battery             | Lithium iron phosphate (LiFePO4) |
| Lamp type                               | LED not exchangeable             |
| With light source                       | Yes                              |
| Housing material                        | Plastic                          |
| Housing colour                          | White                            |
| Voltage type                            | AC                               |
| Nominal voltage                         | 230 - 4000 V                     |
| Degree of protection (IP)               | IP65                             |
| Impact strength                         | IK07                             |
| Protection class according to IEC 61140 | II                               |
| Luminous flux in emergency mode         | 1500 lm                          |
| Max. system power                       | 3.8 W                            |
| Power consumption in emergency mode     | 3.8 W                            |
| Colour temperature                      | 4000 - 1 K                       |
| Recognition distance                    | 28 m                             |
| Nominal operation time                  | 1 h                              |
| Width                                   | 147 mm                           |
| Height/depth                            | 43 mm                            |
| Length                                  | 549 mm                           |
