

# Screw connectors

## application

- Universally applicable for insulating, marking, bundling and protecting wires
- With 18 different shrink tubes shrinkage rate 2: 1

## properties

- UV-resistant
- Good electrical properties
- Good resistance to chemical influences
- Flame retardant (except transparent)
- Lead and cadmium free
- Temperature range -55°C to + 135 ° C
- Tested to UL224, SAE-AMS-DTL-23053/5
- Class 1 (Colors), Class 2 (transparent)
- MIL-23053 / CSA C 22.22 / DEF-STAN 59-97 Class 3
- Not corrosive
