**DESCRIZIONE / DESCRIPTION / DESCRIPTION / DESCRIPCIÓN / BESCHREIBUNG**

Moon is a simple light point; it has neither switch nor detector; just plug it in / remove it from the electrical outlet to turn it ON/OFF. With 0.3W fluorescent lamp: very low consumption. Natural and flicker-free lighting; the light is not too bright and not too dark; ideal as orientation light and light for sleeping in children and bedrooms; takes away the children's fear of the dark. The night light was made with a special material (PC). it is fireproof, impact resistant, durable and safe. Ideal for children, bedroom, living room, corridor, stairs and more; wherever you need to give light to your room without disturbing others.
