DESCRIZIONE / DESCRIPTION / DESCRIPTION / DESCRIPCIÓN / BESCHREIBUNG

Super bright: equipped with 2 latest generation SMD LEDs, chic gives you a very powerful light (50 lumens); works with 3 AAA batteries (not supplied). Automatic lighting: the chic light is equipped with a per movement sensor and a twilight sensor: it switches on automatically only at night (or in the dark) when movement is detected within 5 m; it switches off automatically after 28 seconds if movement is no longer detected; the sensor light will only come on when it is dark and when motion is detected. It can be installed everywhere: the chic light integrates 1 hook and 2 magnets on the back; it is easy to install even with the double-sided tape (supplied); you can attach it wherever you want. Safe: the chic lamp does not heat up, remains cold and the LED light immediately gives pleasant, homogeneous, diffused and in any case strong lighting (50 lumens). Sturdy: manufactured with very robust material, which makes the lamp resistant to impact.
