

PADLIGHT5, 20W IP44 SMD LED floodlight, black
4000K. With IR

PACKING	INNER	MASTER
	 pcs	 pcs
N/A	N/A	N/A

DATI TECNICI / SPECIFICATION / CARACTÉRISTIQUES / CARACTERISTICAS / SPEZIFIKATIONEN

On off cycles:	15000
Guarantee:	2 ANNI
Width (mm):	140
Depth (mm):	60
Height (mm):	120
Net weight kg):	0,315

DESCRIZIONE / DESCRIPTION / DESCRIPTION / DESCRIPCIÓN / BESCHREIBUNG

Detection function: With PIR motion sensor (passive infrared sensors), this headlight has powerful infrared human body detection function, instant ignition, convenient and energy saving. And the detection distance, angle, time and illumination can be set and adjusted manually. High Brightness: The use of high quality and high efficiency SMD 2835 LEDs make this light particularly bright and long lasting. 1600 lumens of light and 20W: can replace a traditional 150W incandescent bulb, saving over 85% of energy on your electricity bill. IP44 Waterproof: Made of die cast aluminum and tempered glass, the headlight is IP44 waterproof, rust resistant and surface treated with high quality electrostatic material, It can be widely used in indoor and outdoor lighting projects. Perfect Design: Aluminum body with tempered glass diffuser for excellent light transmission. The high quality aluminum makes the lamp more resistant. The nanometer material reflector is safe and durable. Furthermore, the diffusion is 1.4 times higher than traditional LED lights. Good Heat Dissipation: The ultra-thin design and the use of 2835 high auto heat dissipation LEDs ensure the best heat dissipation performance, the headlight can quickly lower the temperature and thus ensures the long life of the headlight and safety in the use. Aluminum body with tempered glass diffuser for excellent light transmission. The high quality aluminum makes the lamp more resistant. The nanometer material reflector is safe and durable. Furthermore, the diffusion is 1.4 times higher than traditional LED lights.
