## DESCRIPTION

**NO TICKING:** Silent alarm clock without annoying ticking. Precise, superior-quality quartz movement. Continuous sweep motion and no noise. Won't disturb you while you sleep or work. Perfect for placing on your bedside table or office table...even take it with you on the go! **ALARM CLOCK WITH LIGHT.** Alarm clock with night light function: press the button on the top and you can clearly see the time in the dark. The warm yellow light allows you to read the time at night without hurting your eyes. **SNOOZE FUNCTION:** Press the button on the top so that the alarm sounds again after 5 minutes.... So you can sleep a little longer... The alarm is the classic "beep beep" that gets louder: the longer you ignore it, the louder the sound will be! **BEDSIDE ALARM CLOCK:** Simple and elegant, this alarm clock fits any space. It can be used anywhere: in the nursery, bedroom, while traveling, at school, in the office... It makes a great gift for children, friends, family, or the elderly. It requires one AA battery (not included). **EASY TO READ:** Alarm clock with a large, clear display for easy viewing. Also suitable for seniors with vision problems.
