## DESCRIZIONE / DESCRIPTION / DESCRIPTION / DESCRIPCIÓN / BESCHREIBUNG

Contents: 2 meter USB Type-C to USB-A 2.0 male charging cable; black. Device compatibility: connect devices with a USB Type-C port (MacBook, Chromebook Pixel, Galaxy Note 7, etc.) to devices with a standard USB Type-A port (laptop, hard drive, bank power supply, wall or car charger, etc.). Versatile: ideal for charging and powering devices with a USB Type-C port, but also for synchronizing data, photos and music. Performance: data transfer rate up to 480 Mbps; output power up to 15W (5V, 3A). Do not exceed the recommended load (15W, 5V/3A). The Type-C connector fits easily into any device with a Type-C port (in any direction).
