## NORDIK HVLS SUPER BLADE 400/160" L

Industrial ceiling fans

## Certifications

---

### TECHNICAL AND PERFORMANCE DATA

Absorbed Power max (W)	650	Numero pale	5
Diametro nominale (m)	4	Voltage (V)	200-480
Frequency (Hz)	50/60	Weight (Kg)	96,5
IP	65	Delivery max (m <sup>3</sup> /h)	370.000
Nominal Current (A)	1,67	RPM max	100

### DIMENSIONS

Diametro A (mm)	Ø4000
Size B (mm)	3310
Size C (mm)	3000

## NORDIK HVLS SUPER BLADE 400/160" L

Industrial ceiling fans

### DESCRIPTION

- Nominal diameter of blades: 400 cm.
- Three-phase EC (brushless) motor, thermally insulated.
- Aero-foil blades made of extruded aluminium, equipped with winglets able to decrease the drag caused by wingtip vortices.
- Electronic board allowing power management and functioning control, with EMI/EMC filters to prevent risks of electromagnetic interference, housed in motor covers. The electronic board includes:
  - o A modbus RTU 485 communication port, allowing BMS integration.
  - o An insulated analogic port allowing the fan speed regulation through the external potentiometer (available as optional) or through another 0-10 V signal working device.
- Safety system integrated into the electronic board including protection against overcurrent, short circuit, overheating, overvoltage and under-voltage.
- External Led light able to show possible product malfunctions.
- Steel sheet ceiling installation kit composed of rod (nominal length 3 m), a pair of brackets and relative metal parts, supplied as standard.

This kit allows the correct and robust device mounting to the ceiling in the most common installation type.

- Optional kit consisting of a pair of rods, designed to allow greater axial stability. This kit is mandatory in case of:
  - o Strong wind.
  - o Risk of accidental collisions with machines or objects in motion near the ceiling fan.
  - o Presence of birds.
- Seismic zone installation or areas characterized by vibrations (ex. Industrial processes involving the use of hammers or industrial presses).
- Adjustable speed through potentiometer or remote control unit (VORT T) able to handle up to 20 units (control units supplied as optional).
- Motor protection class IP65.

### ACCESSORIES

**VORT T**  
Code 21137

**POT**  
Code 12828

**POT-I**  
Code 12832

**USB-C**  
Code 21198
