CODE 61093

NORDIK HVLS SUPER BLADE 600/240" L

Industrial ceiling fans

Certifications

TECHNICAL AND PERFORMANCE DATA

Absorbed Power max (W)	1100	Numero pale	5
Diametro nominale (m)	6	Voltage (V)	200-480
Frequency (Hz)	50/60	Weight (Kg)	121
IP	65	Delivery max (m ³ /h)	600.000
Nominal Current (A)	2,69	RPM max	65
		Sound power level Lw [dB(A)]	<45

DIMENSIONS

Diametro A (mm)	Ø6000
Size B (mm)	3310
Size C (mm)	3000

Technical Data Sheet

CODE 61093

NORDIK HVLS SUPER BLADE 600/240" L

Industrial ceiling fans

DESCRIPTION

- Nominal diameter of blades: 600 cm.
- Three-phase EC (brushless) motor, thermally insulated.
- Aero-foil blades made of extruded aluminium, equipped with winglets able to decrease the drag caused by wingtip vortices.
- Electronic board allowing power management and functioning control, with EMI/EMC filters to prevent risks of electromagnetic interference, housed in motor covers. The electronic board includes:
 - o A modbus RTU 485 communication port, allowing BMS integration.
 - o An insulated analogic port allowing the fan speed regulation through the external potentiometer (available as optional) or through another 0-10 V signal working device.
- Safety system integrated into the electronic board including protection against overcurrent, short circuit, overheating, overvoltage and under-voltage.
- External Led light able to show possible product malfunctions.
- Steel sheet ceiling installation kit composed of rod (nominal length 3 m), a pair of brackets and relative metal parts, supplied as standard.

This kit allows the correct and robust device mounting to the ceiling in the most common installation type.

- Optional kit consisting of a pair of rods, designed to allow greater axial stability. This kit is mandatory in case of:
 - o Strong wind.
 - o Risk of accidental collisions with machines or objects in motion near the ceiling fan.
 - o Presence of birds.
- Seismic zone installation or areas characterized by vibrations (ex. Industrial processes involving the use of hammers or industrial presses).
- Adjustable speed through potentiometer or remote control unit (VORT T) able to handle up to 20 units (control units supplied as optional).
- Motor protection class IP65.

ACCESSORIES

VORT T
Code 21137

POT
Code 12828

POT-I
Code 12832

USB-C
Code 21198
