

# Technical Data Sheet

CODE 70015

## THERMOLOGIKA

Infrared wall heater

### DESCRIPTION

- End sections made of thermoplastic nylon, colour grey
- Front casing with stainless steel rods; rear casing: pressed steel with grey.
- 3 x infrared bar, each rated 600 W.
- Pull cord switches for on/off control and selection of the 3 heat output settings (600/1200/1800 W).
- Wall-mounted installation using bracket provided as standard and adjustable through 30° so that the infrared rays can be directed at the screw.
