MICROCOMFORT

Wall mounted fan heaters also for use as towel heaters

DESCRIPTION

- Front casing moulded in self-extinguishing ABS thermoplastic resin rated V2, painted finish;
- Rear casing moulded in self-extinguishing polypropylene rated V0, incorporating the air inlet grille.
- Air outlet grille made of polypropylene.
- Stainless steel towel warmer rail positioned below outlet grille: with the rail fitted, heat output is limited automatically to 1000 W in compliance with current safety regulations.
- Shaded pole induction motor with shaft turning in self-lubricating bushings, coupled to a centrifugal impeller fashioned from glass-fibre reinforced nylon.
- Heating element with two pre-selectable output settings (1000 / 2000 W), protected by manually resettable thermal overload limiter.
- Rotary switch with 3 positions: OFF/1000/2000 W
- Manually adjustable room thermostat with antifreeze function guaranteeing automatic activation of the heater whenever ambient temperature drops below 5 °C.
- Wall-mounted installation only.
- IMQ safety certification.
